

The Lonely Road

- Lizzy

One day, there came rain
Falling down, on my doorstep
One day, there came snow
Falling, right on my window.

There came light and darkness
There came the wind and oh,
There came the ways of the world
There came all of the ghosts.

I have been falling in some rough paths,
I have been finding my way out.
But there has been some obstacles
And there's been some doubts.

I can see the sunshine
On the other side, of the
Mountain that we are on;
There is a rainbow that
Has a lot of luck.

The paths have become cleaner
As we are going by.
And now I can see how
I am made from the inside.

How I am the person
Who I am today; and
Who I will become if
I continue to stay on
The path that I have
Chosen to go on and
Explore, the world and more.

I have figured out that
I will never be perfect.
But as long as I
Will keep going, I will
Find success and friends on
the other side of this lonely road
One that I might forever call home.
